# Complex and Harmonic Analysis
## 3-5 September 2009
## Archanes, Crete, Greece

## Program

| | Thursday September 3 | Friday September 4 | Saturday September 5 |
|---|---|---|---|
| 08:45-09:15 | *Registration* | | |
| 09:15-09:30 | *Welcome* | | |
| 09:30-10:15 | **Daniel Girela** On Blaschke products Bloch functions and normal functions | **Dimitris Betsakos** An extremal problem for the hyperbolic metric on Denjoy domains | **Vassilis Nestoridis** Domains of injective holomorphy |
| 10:30-10:50 | **Maria Martin** Norm attaining composition operators on the Bloch space | **Sandiago Diaz-Madrigal** Generalized Loewner chains | **Vagia Vlachou** Common hypercyclic vectors for Birkhoff-type operators |
| 11:00-11:20 | **Cristobal Gonzalez** Univalent functions in Hardy spaces in terms of their arc-length growth | **George Costakis** Locally topologically transitive operators at zero | **Nikolaos Tsirivas** Examples of extended universal series |
| 11:20-11:50 | break | break | break |
| 11:50-12:35 | **Oscar Blasco** Projections of Bergman spaces | **Aristomenis Siskakis** Integration operators on spaces of analytic functions | **Dragan Vukotic** An overview of products of Toeplitz operators with small range |
| 12:50-13:10 | **Denis Khristoforov** On Uniform approximation of elliptic functions by means of Pade approximants. | **Bruce O' Neill** Smoothness of star measures of convex functions | **Jordi Pau** Integration operators on weighted Bergman spaces |
| 13:20-13:40 | ~~**Romi Shamoyan** Some remarks on Cauchy-Stieltjes type integrals and spaces of their multipliers in U^2~~ | **Stamatis Pouliasis** Superharmonicity and harmonicity properties of condenser energy under dilation | |
| 13:40-17:00 | | break | |
| 17:00-17:45 | | **Joaquim Bruna** Basis of complex exponentials and related problems | |
| 18:00-18:20 | | **Sigrid Bettina Heineken** On the structure of sampling spaces | |
| 18:30-18:50 | | **Marisa Zymonopoulou** Isometric embeddings, absolute sums of normed spaces and positive definite distributions | |
| 21:00- $\infty$ | | *Conference Dinner* | |
